

## ACL Digital's Workforce Scheduler

### Revolutionizing Workforce Management

Introducing employee scheduling from ACL Digital, the Workforce Scheduler. An AI-powered tool that optimizes employee shift scheduling.

Workforce Scheduler streamlines the entire employee scheduling process, saves time, and predicts the manpower shortage or excess for a particular shift. The optimized solution ensure that the right skilled people are allocated as required by the business's needs.

## Why Choose Workforce Scheduler?

### Effortless Automation

Automate the employee scheduling process to create the most optimized schedules ranging from one week to 90 days.

### Save Time

Save 75% of the planner's time on roster preparation. With customized alerts, manage roster approval within 5 minutes by focusing on the exceptions.

### Manpower Planning

Plan for the days when the shift is overstaffed or understaffed to take appropriate action.

### Employee Communication

Share the employee schedule with the team, using Google Calendar or Microsoft Outlook.

### Seamless Integration

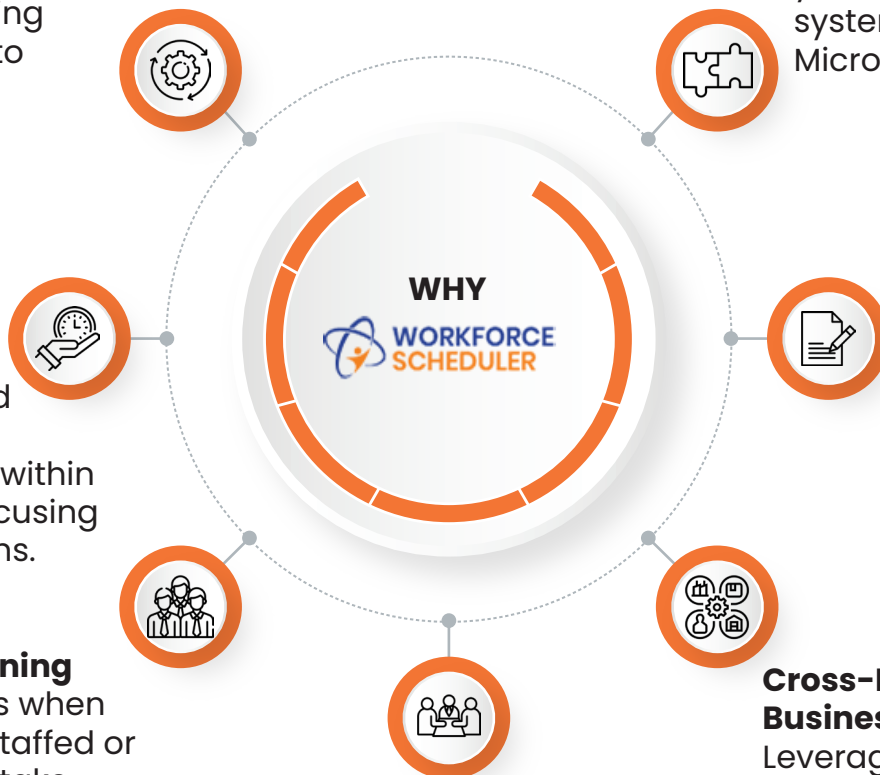

Import Employee Data into the software from your SuccessFactors system or by using Microsoft Excel.

### Insightful Reporting

Gain valuable insights into employee scheduling with Microsoft Excel customized reports.

### Cross-Industry Business Rules

Leverage the 17 configurable business rules like employee availability, skills, employee preference, and company policies to meet industry-specific requirements.

## Voice of the Customer

We listened to our customer's requirements and incorporated them into our Workforce Scheduler.

*My support team requires 4 engineers each during the day shift and 2 for the night shift.*

*For a special event in the company, all employees should be assigned to the morning shift on that particular day.*

*All employees are to be assigned an equal number of week-offs.*

*We follow a hybrid approach where two days of the week are WFH.*

*The night shifts have to be assigned proportionately to all employees.*

*Two consecutive shifts must be at least 12 hours apart.*

*My roster approval process should not take more than 5 minutes.*

*Our 24\*7 support team has two night shifts assigned on the last two days of the week.*
