

Semiconductor Expertise from Chip to Cloud

- 6 Design & Delivery Centres in India
- 25+ Offshore Delivery Centres Managed
- 6+ Certifications: ISO 9001, ISO/IEC 27001, GDPR, and more
- 10+ Years of Association with ALTEN

ACL Digital, an ALTEN group company, drives innovation with chip-to-cloud solutions that enable AI integration and advanced design. Our expertise in sub-7nm process nodes drives next-gen innovation in automotive, AI, IoT, and consumer electronics. Collaborating with industry leaders, including IDMs, OEMs, and EDA vendors, we deliver seamless, efficient, and scalable chip design processes across advanced nodes, positioning clients at the forefront of the semiconductor revolution.

Your Partner for Advanced Digital and Engineering Solutions

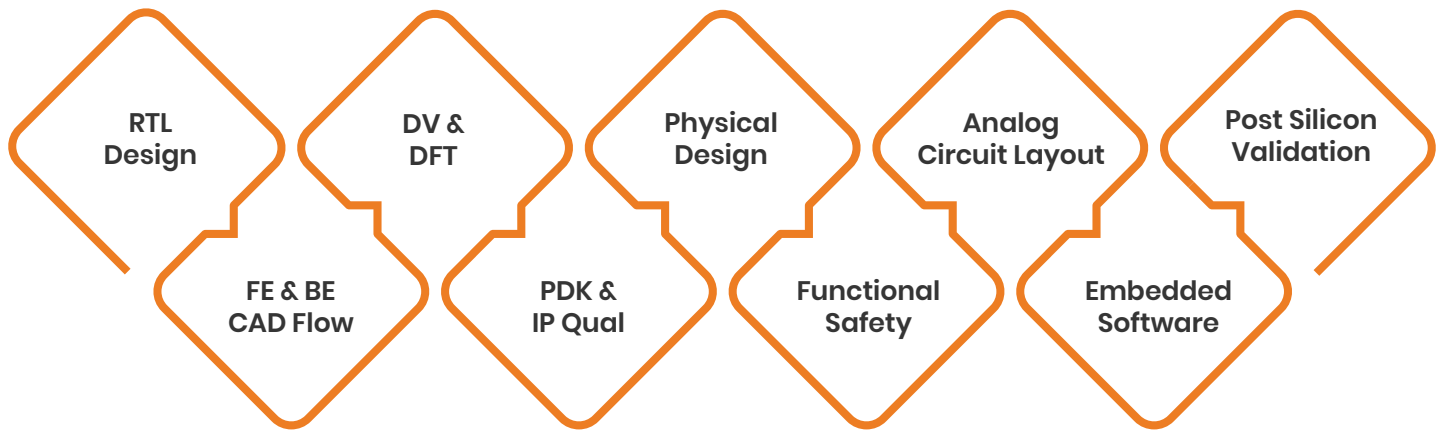

ALTEN – A World Leader in Engineering and IT Services

ALTEN is committed to meeting the expectations of its stakeholders and anticipating their requirements in the fields of innovation, R&D, and technological information systems.

Founded in 1988 and present in over 30 countries, the Group has established itself as the global leader in Engineering and IT Services. ALTEN operates with major players in the Aeronautics, Space, Naval & Security, Automotive, Rail & Mobility, Energy & Environment, Life Sciences – Health, Industrial Equipment & Electronics, Telecoms, Cloud and Semiconductors.

A Trusted Leader in Full Turnkey Semiconductor, Product Engineering and Digital Experience Services

Why Choose ACL Digital's Innovative Semiconductor Solutions

- 15+ years of success in semiconductor development
- 1600+ Strong semiconductor and embedded teams worldwide
- Comprehensive semiconductor and embedded systems capabilities – Domain expertise in Core Embedded, Automotive, & IoT.
- Expertise in Advanced Technologies in various domains
- Specification for GDSII and Post-GDSII Validation, Test, Characterization and Production Support
- Strong industry partnership with EDA, IP, OSAT ecosystem
- Engagements with multiple start-ups in complete turnkey silicon development

Our Design and Delivery Centres in India

We are a talented workforce spread across more than 30 countries, offering a multicultural workplace and a collaborative knowledge environment.
