

Technology-Led Digital Transformation Partner for Life Sciences

Digital CRO | Product Engineering | Digital Transformation

ACL Digital brings together Life Sciences expertise, Digital Technology, AI-enabled solutions, and specialized CRO partnerships to deliver technology-led clinical transformation, using automation, AI, and IT to build smarter, faster, and more efficient clinical development pathways, from individual services to integrated end-to-end clinical research.

At a Glance

30+
Years of Industry Experience

9 of the Top 20
Life Sciences Companies as Partners

10+
Active MSP Programs

1,500+
Functional and Technology Consultants

4 of the Top 20
Medical Device and Equipment Companies as Partners

Our Engagement Models

Functional Service Provider

Full-Time Equivalent

Project-Based

Integrated Life Sciences Capabilities

01 Services

02 Digital Solutions

03 Technology - Driven Transformation

04 Integrated Clinical Research

Services

A BIOMETRIC SERVICES

Clinical Data Management | Statistical Programming | Biostatistics

B SAFETY & REGULATORY

Pharmacovigilance | Medical Writing & Regulatory Affairs | Quality Assurance

C CLINICAL & ADVANCED DATA SERVICES

Clinical Operations | Medical Affairs | Biomarker Expertise | Real-World Data and Real-World Evidence | Ontology and Knowledge Graph Competencies

Study Experience

Phase I | Phase II | Phase III
Phase IV | Post-Marketing Surveillance (PMS)

Therapeutic Area Expertise

Oncology | Neurology
Cardiovascular | Metabolic Syndrome | Immunology
Gastroenterology | Hematology
Ophthalmology | Infectious Diseases | Vaccines

Digital Solutions

Technology-Enabled Innovation

- QInsight: Data Visualization Tool
- CRAFT: aCRF to TLF Generator
- AI-Based SAP & Mock Shell Generator
- Synthetic Data Generator Tool
- Data Quality as a Solution (Validation & Verification)
- Patient Recruitment Platform
- Pharmacovigilance AI Database
- AI-Assisted Pharmacovigilance Medical Writing

Technology-Driven Transformation

AI + Automation + Open Technology

SAS to Any Open Source Technologies

Modernize legacy SAS programs and migrate them to R, PySpark, and other open technologies faster, so you depend less on proprietary software and can scale your analytics more easily.

Integrated Clinical Research

ACL Digital + Specialized CRO Partners

Technology + Domain Expertise + CRO Capabilities

Enabling end-to-end clinical trial support through a combined technology and domain ecosystem. Partner with us to expand capabilities and deliver integrated clinical research solutions.

Why ACL Digital?

01

30+ years of IT and engineering experience

02

Large technology and data engineering talent pool

03

Deep life sciences domain expertise

04

AI and automation capabilities built for clinical workflows

05

Flexible FSP, FTE, project-based, and integrated clinical research engagement models

06

Life sciences expertise, technology depth, and scalable talent, all in one partner

One Partner. Multiple Capabilities.

Life Sciences Expertise + Technology Depth + Scalable Talent

Let's Connect

business@acldigital.com | ACL Digital Life Sciences

ACL Digital, part of the ALTEN Group, is a trusted AI-led, Digital & Systems Engineering Partner driving innovation by designing and building intelligent systems across the full technology stack – from chip to cloud. By integrating AI and data-powered solutions, we help enterprises accelerate digital transformation, optimize operations, and achieve scalable business outcomes. Partner with us to turn complexity into clarity and shape the future of your organization.
